- By completing the registration form, I am enrolling my child student in the after school program for training using the Internet.
- During the program, my student will participate in Mathematics and Physics lessons using Internet resources such as www.KhanAcademy.org, www.CK12.org. We will also use games, puzzles and interactive activities to play and learn with your student.
- The School (or the Host Institution) and the Foundation for Excellence are not responsible for the safety of the student during the afterschool program or during travel to the Computer Lab.
- To ensure safety, I will drop off, pick up, and attend the after school program with my child. I understand that my student will be sent home unless I am present with the student for the entire class duration.
- I will provide food and snacks to ensure that my student can continue to attend the after school program.
- My student may drop out of the program at any time for any reason. Similarly, the Computer Lab staff may cancel the registration of the student for any reason at any time without providing any warning or explanation.
